May / June, 2010

Dear Ronald Sherman,

Final Call for Abstracts . . . The 8th International Conference on Biotherapy organizing committee announced this week that the deadline for submitting abstracts for the Conference has been extended until August 31. Apparently abstracts are still coming in, and the Conference organizers don't want anyone to be left out.

You shouldn't be left out, either! Register for ICB-2010, and reserve your room at the Hollywood - Universal Hilton now, before the discounted rooms are all sold.

Read more about the Conference below, or check out the Conference website: www.bterfoundation.org/icb/icb2010.htm.

/Ron Sherman

2010 International Conference on Biotherapy

The 8th International Conference on Biotherapy is coming to America!

Mark your calendars, make your reservations:

Los Angeles, November 11-14, 2010.

This is the first time that the acclaimed Conference has been held in North America. The schedule includes 4 days of clinical and research developments in maggot therapy, leech therapy, helminthic therapy, phage therapy, hippotherapy, diagnostic canines and more. You can find additional information and registration materials at: www.bterfoundation.org/icb/icb2010.htm.

Want to submit a paper or poster? **Hurry!** - the deadline is August 31, 2010.

Want to get hands-on training in Maggot therapy? Leech therapy? Bee venom therapy? And earn educational credits and certification at the same time? **Hurry!** - this is the year that all this is possible.

Want to hear the latest information about biosurgery, cancer-detecting dogs, viruses that eradicate infection and the self-destruct when the infection is cleared? **Hurry!** - before the reserved (discounted) rooms are all gone, or the early-bird registration period is over.

Want to meet and network with the world's leading Biotherapy users and researchers, shakers and movers? **Hurry!** - before **ICB-2010 in Los Angeles** passes you by.

And while you are in town . . . plan to stay for a few extra days in Universal City / Hollywood - the center of Sunshine and Southern California!

Biotherapy Consultant Requested

Search is Underway for an Educational Consultant in Leech Therapy and/or Maggot Therapy.

Hirudotherapy and maggot therapy consultants needed in Malaysia. The successful candidate will have experience and knowledge about leech and/or maggot therapy. The successful candidate will have teaching experience. Travel may be involved, but there is no need to relocate. There are no patient-care responsibilities. Compensation is negotiable, depending on extent of service. If interested in applying, contact:

BTER Foundation Membership

Are you a member of the BTER Foundation?

If so, *Thank You* for supporting the organization that has brought biotherapy to hundreds of patients, and information to hundreds of thousands. This would not be possible without all of our volunteers and members.

If you are not yet a member . . . please review all of the [benefits of membership](#).

This year, membership will pay for itself as a discount to ICB-2010. Members have access to our entire Biotherapy Library, for less than the cost of ordering one or two scientific papers from the publisher (based on the dues for Community and Student members).

Other benefits include: free educational materials, free insurance billing assistance, discounts on workshops and conferences, and more.

Upcoming Conferences & Events
