Volume 9; Issue 3

May, 2013

Dear Ronald Sherman,

This month finds us in the midst of many long-awaited projects. The remaining videotaped lectures from the International Conference on Biotherapy 2010 are finally posted on the BTER Foundation website.

The Maggot Therapy Core Curriculum and Certification program is moving forwards with the help of a dedicated committee of experts in wound care and maggot therapy. Soon we will propose the core knowledge and capabilities that competent maggot therapists should strive to achieve.

We received several applications for membership on the Board of Directors. After vetting by the current Board, we will be holding elections. If you are a BTER Foundation member, be sure to respond to your voting notification in the coming weeks.

One final note: don't forget to check out the Biotherapy Blog on WoundSource's website (www.WoundSource.com/blog). Be sure to visit the website, weigh-in, or just leave a comment to tell us how we're doing.

Ron Sherman

International Conference on Biotherapy 2010 Videos

ICB Video Presentations Posted

The remaining videotaped lectures from ICB 2010 have been posted on the BTER Foundation website at the following link:
<http://www.bterfoundation.org/icb/program.htm>.

Thank you to all the lecturers who presented at the conference and to those who allowed us to share their exemplary work with the public.

Board of Director Applications

Finding our Newest Member

We are excited to have received several applications to join the BTER Foundation's Board of Directors. The current Board members will evaluate the applications and move them forward to expand the Board.

Wound Source Blog

Wound Care Blog Posts

For our newer BeTER LeTTER readers, the [Wound Source website](#) hosts a variety of blogs written by esteemed wound care therapists. One blog, in fact, is dedicated just to biotherapy. You can read the [newest biotherapy blog post here](#) and comment on your experiences encountering and acknowledging misinformation.

How About a Workshop in Your Town?

To arrange a maggot therapy or leech therapy workshop in your community, contact the BTER Foundation. Local and national experts are available to provide 1-hour lectures, full day workshops, and anything in between.

Know about something we don't?

Let us know of any biotherapy news or event that isn't on our list, so we can make sure that everyone knows about it!

"Never doubt that a small group of thoughtful, committed people can change the world. Indeed, it is the only thing that ever has." - Margaret Mead
